SUMMARY

System Engineer with hands-on experience in developing web applications using .NET and Angular. Skilled in full-stack development with prior experience in the MERN stack, building responsive and user-centric applications. Strong foundation in problem-solving, API development, and modern UI design. Passionate about learning new technologies and contributing to scalable and efficient software solutions.

EXPERIENCE

Infosys Ltd

System Engineer

Nov. 2025 – Present
Hyderabad, Telangana

- Completed full-stack training in .NET and Angular, gaining hands-on experience in building web applications.
- Developed a strong understanding of frontend development using Angular and backend concepts using .NET.
- Worked with RESTful APIs and gained practical exposure to application development and debugging techniques.
- Familiar with version control (Git) and agile development methodologies in a collaborative environment.

Brain O Vision

Full Stack Developer Intern

Aug. 2024 – Nov. 2024
Hyderabad, Telangana

- Developing full-stack web application using MongoDB, Express.js, React, and Node.js.
- Assisting in building RESTful APIs and collaborating with teams on new features.
- Gained hands-on experience in version control with Git and explored deployment strategies.

PROJECTS

Learn More

- Developed a web-based learning platform using .NET and Angular as part of capstone Project in Infosys training, enabling structured course access for users.
- Built responsive and interactive UI components using Angular to enhance user experience and navigation.
- Implemented backend functionalities and RESTful APIs using .NET for managing course content and user data.

Basic Chat Application

- Developed a real-time chat application using the MERN stack, enabling seamless communication between users.
- Implemented user authentication and session handling to ensure secure access to the application.
- Integrated backend APIs and managed data storage using MongoDB for efficient message handling.

Durga Prasad Portfolio

- Designed and developed a modern, responsive portfolio website using Next.js and React, ensuring optimal performance.
- Implemented reusable UI components with a clean and intuitive user interface focused on user experience.
- Optimized page load speed using Next.js features such as server-side rendering and efficient routing.
- Showcased projects and skills with visually appealing layouts and smooth navigation.

EDUCATION

GMR Institute of Technology

Bachelor of Technology in Computer Science and Engineering

Nov. 2021 – April. 2025
Rajam, Vizianagaram

SKILLS

Languages : Java, Python, JavaScript, C#, MySQL

Technologies : React.js, Node.js, Express.js, MongoDB, .NET, Angular, HTML/CSS

Tools : Git, GitHub, VS Code, Postman
